**Subject:** SATRA/SASSCo dispute  
**Importance:** High

Dear Ray, Pottie, Martin and Oom Roelf,

The following is very important to note:

- SATRA is still suspended.
- The application was deemed very urgent because of the fact that shooters had to be entered for the World Cup in Munich.
- When SASSCo became willing to enter the shooters into the world cup, the only effect was that the matter did not need a resolve within the next days. Therefore, the urgent application to the court was not submitted. Since now there is more time to allow the normal course of justice. If however another urgent matter arises that will need a resolve within a very restricted time frame, the urgent application can again be brought. In the mean time however, given that no other urgent deadline comes along that will require an urgent relief, the dispute and all matters hanging is handled with great care by very competent legal professionals.
- It is crucial that no communication be passed between members of SATRA and SASSCo. All matters must be referred to Jannie Hesselink. Should any communication be received by any member of SATRA from SASSCO, that communication must be forwarded to Mr. Hesselink.
- No unsolicited phone calls about any hearsay! Please. No rumours. We do this right and factual. No distribution of e-mails to all and sundry outside of SATRA.
- All factual information will be duly distributed among SATRA members by the SATRA office. If they have queries about ANYTHING, send those queries to the SATRA office which will get the information if available and advise the member accordingly.
- In the meantime, everyone has the list of grievances. Get any and all extra documentation and proof ready and in order regarding those and e-mail it to me and Ray/SATRA office so that it can be readily available for me to give to Mr. Hesselink. If there are more grievances or any other proof or evidence, send me and Ray/SATRA office an e-mail to pass on to Mr. Hesselink.

- Ray, I'm going to ask you to send out a letter to all SATRA members, informing them of above
- It is imperative that communication and information distribution is strictly adhered to as described above.

**ESMARI VAN REENEN**
